TROUBLESHOOTING

Why isn't the speaker connecting to the phone?
* Ensure it is in BT mode (short press the Power button to switch).
* Select "Amkette SleepTec N100" from the phone's Bluetooth list.
* Hold the timer button for 2–3 seconds to pair a new device.

Why is there no sound?
* Check the volume using the Volume + / – buttons.
* Ensure the correct mode is selected: White Noise, Music, or BT.
* In BT mode, check the phone's media output and volume settings.

Why isn't the night light working?
* Tap the Light button to cycle through brightness levels.
* Recharge the device if the light is off or the battery is low.
* Long press = OFF, short press = Cycle.

Why isn't the speaker charging?
* Use the included Type-C cable with a 5W+ power adapter.
* Confirm charging by checking the indicator LED.

Why didn't the sleep timer work?
* Press the timer button repeatedly (15 → 30 → 60 → OFF).
* Check LED to confirm timer is active.

WARRANTY STATEMENT

Amkette SleepTec Sleep Speaker N100 is backed by a 1 Year performance warranty against any manufacturing defects in material or workmanship from the date of original purchase. This warranty entitles the purchaser to get the product repaired or replaced at its discretion under the following conditions:

* The warranty applies to the original purchaser. Proof of original purchase is required.
* The warranty does not cover the damage caused by misuse, abuse or improper storage.
* In no event shall Amkette be responsible for any direct, incidental, consequential or other damages of any kind.

Please contact our Customer Support Line and/or send the defective product, together with the proof of purchase to our Customer Care Service Center to avail warranty service. Return charges will be paid by us.

OVERVIEW

1. Sound Library
The Amkette SleepTec Sleep Speaker includes a total of 24 options:
* 16 White Noises
* 8 Music Tracks

Press the Sound Mode button repeatedly to cycle all sounds. The selected sound plays until changed or stopped manually.

2. Timer Function
Press Timer to select duration: 15 → 30 → 60 mins → OFF. After time ends, audio and light turn off automatically.

3. Night Light Control
Press the Light button to switch through 6 brightness levels. Hold the button longer to turn off the light.

4. Bluetooth Mode
To switch to Bluetooth, click the Power button once. Then pair your phone with "**Amkette SleepTec N100**" via Bluetooth. Now play music or audio wirelessly from your device.

GETTING STARTED

* Fully charge the Speaker using the supplied Type-C cable (3–4 hours recommended).
* Once powered on, the Speaker begins in last used mode.
* Press the music or white noise button to change the sound or press the power button for Bluetooth mode.

Keep the Sleep Speaker OFF for faster charging.

POWER ON / OFF

POWER ON
Press and Hold the Power Button until the indication light turns on.

POWER OFF
Press and Hold the Power Button until the indication light turns off.

When powered on, the Speaker starts in the last used mode.
