99x70mm Front-Back Printing - Single Fold

Troubleshooting & Tips

Mouse not connecting via Bluetooth?
- Ensure the mouse is in Bluetooth mode (blue indicator).
- Hold the switch button until the light blinks to enter pairing mode.
- Reconnect from your device's Bluetooth settings.

Horizontal scroll not working?
- Supported only in applications that allow side scrolling (e.g., Excel, video editing software).

Cursor lag or skipping?
- Ensure battery is sufficiently charged.
- Use on a smooth, non-reflective surface.

Mouse not responding at all?
- Turn the mouse OFF and ON again.
- Reconnect or try another USB port.
- If using Bluetooth, try forgetting and re-pair the mouse.

Show Desktop button not working?
- Make sure your mouse is in correct OS mode.
- Toggle between macOS/Windows by pressing Show Desktop button for 3 seconds.

Device switching not working?
- Press the Device switch button once and wait for 2–3 seconds.
- Try re-pairing the mouse.

Battery draining faster than expected?
- Disable RGB lighting by long-pressing the DPI button.
- Avoid using the mouse while charging for optimal battery health.
- Ensure the mouse is turned OFF when not in use for long periods.
