| USB C + Wireless         | 10W (Total)                 |
| USB A + USB C + Wireless | 10W (Total)                 |

## Troubleshooting

- Before first use, fully charge the powerbank.
- Ensure the powerbank has sufficient charge before use.
- Check proper alignment for wireless charging.
- Confirm that your device supports wireless (Qi) charging.
- Avoid using multiple outputs simultaneously for optimal speed.
- Remove cases that may interfere with wireless charging.

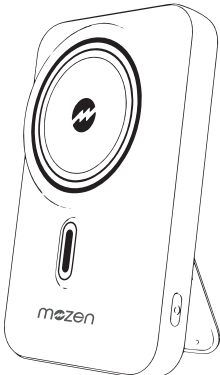

## Warranty Statement

Amkette Mozen Surge Air S1 10000mAh Mag Safe Powerbank is backed by a 6 months performance warranty against any manufacturing defects in material or workmanship from the date of original purchase. This warranty entitles the purchaser to get the product repaired or replaced at the company's discretion under the following conditions:

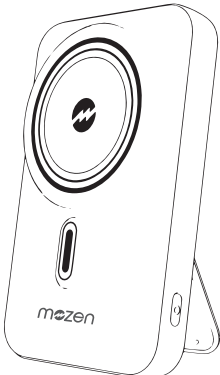

- The warranty applies to the original purchaser. Proof of original purchase is required.
- The warranty does not cover the damage caused by misuse, abuse or improper storage.
- In no event shall Amkette be responsible for any direct, incidental, consequential or other damages of any kind.

Please contact our Customer Support Line and/or send the defective product together with the proof of purchase to our Customer Care Service Centre to avail warranty service. Return charges will be paid by us.

## Know Your Powerbank

## What's in the Box

- Surge Air S1
- Powerbank
- USB-C Cable
- Metal Ring

## Charging the Powerbank

- 10000mAh High Capacity
- Magnetic Wireless Charging up to 15W
- USB-C PD Fast Charging up to 22.5W
- USB-A QC Fast Charging up to 18W
- Built-in Stand for Hands-Free Use
- Compact & Portable Design

## Using the Powerbank

- **Wireless Charging** - Align your device with the magnetic ring. Charging starts automatically.
- **Wired Charging** - Connect your device using a USB-C or USB-A cable to charge your device.

Wired charging will not initiate if the device is already charging wirelessly. Remove the device from the magnetic wireless charging area to enable wired charging.

## Using the Metal Ring

- **Clean phone or case**
- **Peel adhesive of the ring**
- **Stick the ring at the centre**
- **Start magnetic charging**

Align the metal ring as recommended for your phone model for optimal magnetic alignment and charging.

## LED Indicators

- **Charging Status Indicator**
- **Battery Level Indicators**

- 1 LED ON → 25%
- 2 LEDs ON → 50%
- 3 LEDs ON → 75%
- 4 LEDs ON → 100%
- Green LED → Fast charging (15W or above); remains solid when the connected device is fully charged.
- Dark Blue LED → Wireless charging in progress.
- Sky Blue LED → 7.5W wireless charging mode.

## Compatible Devices

- **Wireless:** Qi Enabled Android devices (15W) with Metal ring (Included). iPhone 12 & Above (7.5W).
- **Wired:** iPhone, Samsung, OnePlus, Google, Nothing and more (USB-A: 18W, USB-C: 22.5W).

The device has no detection for foreign objects.

## Single Fold
