QUICK START GUIDE

This advertisement features a white Mozen Surge Air X1 10000mAh MagSafe Powerbank. The powerbank is shown from a three-quarter perspective, highlighting its slim profile and a large circular MagSafe charging area on the front. A small Mozen logo is visible on the bottom left of the front face, and a label on the bottom right corner of the front face indicates '10000mAh'. A small, foldable stand is attached to the bottom right. To the left of the powerbank, there is a QR code with a question mark in the center, and the text 'Scan for Detailed Product Guide' below it. The Mozen logo is positioned at the top left. At the bottom center, the text 'QUICK START GUIDE' is displayed within a thin rectangular border.

Using the Powerbank

- **Wireless Charging** - Align your device with the magnetic charging area. Charging starts automatically.
- **Wired Charging** - Charge your device using the built-in Type-C cable or your own cable via the USB-C or USB-A ports.

Wired charging will not initiate if the device is already charging wireless! Remove the device from the magnetic wireless charging area to enable wired charging.

Using the Metal Ring

1. Clean phone or case
2. Peel adhesive of the ring
3. Stick the ring at the centre
4. Start magnetic charging

Compatible Devices

- **Wireless:** Qi Enabled Android Devices (15W) with Metal Ring (included). iPhone 12 & Above (7.5W).
- **Wired:** iPhone, Samsung, OnePlus, Google, Nothing and more (USB-A: 18W, USB-C: 22.5W).

Battery Percentage Display

The device has no detection for foreign objects.

- Green LED → Fast charging active.
- Blue LED → Wireless Charging active.
- Display turns off automatically after inactivity.
