

WARRANTY STATEMENT

Amkette's PowerPro Air 920 Multi-Device MagSafe Wireless Charger is backed by a 1 Year performance warranty against any manufacturing defects in material or workmanship from the date of original purchase. This warranty entitles the purchaser to get the product repaired or replaced at its discrete under the following conditions:

- The warranty applies to the original purchaser. Proof of original purchase is required.
- The warranty does not cover the damage caused by misuse, abuse or improper storage.
- In no event shall Amkette be responsible for any direct, incidental, consequential or other damages of any kind.

Please contact our Customer Support Line and/or send the defective product, together with the proof of purchase to our Customer Care Service Center to avail warranty service. Return charges will be paid by us.

Supported Devices

MagSafe Charger All Wireless Charging Phones
AirPods Charger All AirPods, Galaxy Buds etc.
Apple Watch Charger All Apple Watches

TROUBLESHOOTING

- Phone / Apple Watch / AirPods case thickness must not exceed 5mm.
- The back of your phone should be free from any obstructions including credit cards, metal objects etc.
- Place your phone directly on the centre of the charging pad. This allows the charging coil on your phone to line up with the coil on the charger.
- The wireless charging coil on some phones (e.g Sony) is located just below the centre.
- Try swapping the Vertical and Horizontal placement of your phone.
- Use the provided C-C Cable with a 20W+ PD Charger for maximum output.

3 COLOURS NIGHT LIGHT

Touch to Power ON and Switch the Night Light Mode

Warm Soft Cool

CHARGING INDICATIONS

Power On	Blue
Charging in Progress	Green
Idle After One Minute	No Lights
Foreign Object Detected	Blinking Ice-Blue

The light turns OFF after 1 minute of no action.

GETTING THE SET-UP READY

Plug-in one end of the provided C-C cable into a PD Power Adapter (Not Included) and other end to the Air 920 MagSafe Wireless Charger. Plug the adapter to Power Socket and Turn On the Power.

Note : Use a 20W+ PD enabled power adapter for better output.

GETTING YOUR APPLE WATCH READY FOR CHARGING

No Special Setup is Required. Simply place your Apple Watch on the Centre of Apple Watch charger.

Apple Watch Charger

All Apple Watches

GETTING YOUR AIRPODS READY FOR CHARGING

No Special Setup is Required. Simply place your AirPods on the centre of the charging area.

AirPods Charger

All AirPods, Galaxy Buds etc.

GETTING YOUR PHONE READY FOR MAGSAFE

For iPhones X and newer using without a case do not require any special setup to use.

Option A (RECOMMENDED): USE A MAGSAFE CASE

For the best experience we strongly recommend you purchase a "MagSafe Case" for your phone.

Option B (READY TO GO NOW!): USE THE PROVIDED METAL RING

To get you started right away - stick the provided metal ring to the back of your phone or back of the case. Please review the Magnetic Ring Installation Guide for instructions.

INSTALLING THE MAGNETIC RING ON YOUR PHONE OR CASE

- Recommend to install the ring on the outside of the case.
- In most phones the wireless charging coil is located at the back centre of the phone.
- Use the provided **Centering Scale** to find the centre of your phone.
