CONNECTION GUIDE

Please remove the protective film before use. For optimal cooling, use a 5V/3A (15W) power supply. Freezing will only occur if the ambient temperature is 25°C or below.

STEP 1 Place the EvoFox Hailstone S on the back of your phone and secure it using the mounting jaws.

STEP 2 Plug the included Type-C cable into the cooler and use a PD charger (5V/3A, 15W) for optimal performance.

STEP 3 Press the Power Button to turn ON the cooler. The fan speed display will activate.

-3-

STEP 4 Press the Speed Adjustment Button to cycle through -1, -2, and -3. The current fan speed will be shown on the display.

STEP 5 The cooling fan will start, and the RGB lighting will turn on. Enjoy extended gaming sessions without overheating!

***Note:** QC/PD charger is not provided in the box.

FAN SPEED ADJUSTMENT

You can adjust the fan speed by pressing the Speed Adjustment Button to cycle through three levels: -1, -2, and -3. The current fan speed level will be displayed on the screen.
